

EMSINA

Emergency Management Spatial Information Australia

2020

End of EMSINA Project Report

End of Project Summary for:

EM Metadata Standards

Project Lead Name:

Kane Orr

End of Project Report:

Summary:

- EMSINA and the National Metadata Working Group (ICSM) are working collaboratively to develop, implement ISO 19115-3 metadata standards for as many EM related webservices. The work EMSINA is putting into this Project is driving the tools and education processes behind this renewed standardisation effort.

Project Issues or Comments:

- Project dramatically slowed as a result of COVID-19.

Follow-up Work in 2021:

- Following the end of COVID-19 restrictions and the publication so the Black Summer Enquiries this fundamentals work is now progressing at a rapid pace. As the implementation nears EMSINA will again be formally asked for input in to the metadata work undertaken by ICSM and the National Metadata Working Group.

Project Acknowledgements:

- Teena Speirs for her assistance throughout an unusual year
