- Over 30 people attended
- Presentations on a wide range of topics:
 - GA National Bushfire boundary project
 - ESRI Portal Enterprise / web apps / survey 123
 - Named user issues
 - Geocortex (
 - FME
 - Drone technology
 - WoG platforms (SA)
 - Custom Image viewer (Vic)
 - Dashboards (ESRI, Data insights Power BI)
 - Transition to ArcGIS Pro
 - Cloud infrastructure (Azure, AWS)
- Agenda and Jurisdictional presentations are available here:
<https://drive.google.com/drive/folders/1kh-3WOe9mgN3F8CCHuBUID6QtWnbhjk?usp=sharing>

Project Issues or Comments:

- Due to COVID a face to face meeting didn't occur – limitations in knowledge sharing online

Follow-up Work in 2021:

<http://www.emsina.org> | EMSINAGroup@gmail.com | [#EMSINAGroup](https://twitter.com/EMSINAGroup) | EMSINA Group

OFFICIAL

- Plan for a face to face session - later in the year (Sept)
 - Starting discussions on dates (potentially) and location
 - Continue work with Con and Kane on data feeds in a standard format

Project Acknowledgements:

- EMSINA acknowledge South Australia for hosting and organising this meeting.
 - EMSINA acknowledge the support of GA in working with the developers
-
