

EMSINA

Emergency Management Spatial Information Australia

2020

End of EMSINA Project Report

End of Project Summary for:

Project 1: National Meetings x 3

Project Lead Name:

Committee

End of Project Report:

Summary:

- COVID19 really put the brakes on our ability to meet in person. We had planned a face-to-face session in April 2020 but that had to be cancelled due to new travel restrictions. Since then we have had abridged virtual meetings in July 2020, December 2020 and March 2021. Everyone is hoping to be back to meeting in person by the end of 2021.

Project Issues or Comments:

- nil

Follow-up Work in 2021:

- Think about possible locations for future in-person meetings.

Project Acknowledgements:

- Thank you to the committee for their ongoing interest and enthusiasm through trying times.
-
